It's the best proof, for it comes from Oregon.  
T. W. Shankland, who is a street car conductor on the Woodstock street car line, residing at 710 Ellsworth St., Portland, says: "Some time last fall I began having considerable trouble and annoyance from a dull aching pain in the back over the kidneys. I think it was caused from the constant shaking and jarring of the car. I thought at first it would disappear quickly as it came, but this was not the case. Learning of Doan's Kidney Pills I procured a box and took them according to directions. The result was entirely satisfactory. The backache grew less and less and soon disappeared and as far as I can tell it has gone for good for there have been no symptoms of recurrence."

**"Remove Unsafe Things", Is the Theme of Dr. Gunsaulus' Address Sunday.**

**Famous Pastor Delivers Critical Sermon on Iroquois Disaster From Platform in Famous Theater Building—Trouble Lies With Unthinking Voters.**

Chicago, Jan. 18.—"Our pulpits—mine with the rest—have had too much to say about the New Jerusalem and not enough concerning the vital needs of Chicago. I have neglected my duty. I have seen abuses, lawlessness—all pervading and unrebuked—negligence, incompetency and carelessness in public life, and have not lifted my voice against them. Hereafter, with God's help, I will do my full duty as a Christian."

This public confession of future platforms has been made by Rev. Frank Gunsaulus, pastor of the Central church, preaching for the first time since the fire in the Iroquois theater, wherein the church was to have met on the following Sunday. It was the fire in which the nephew of Dr. Gunsaulus lost his life.

"Public sentiment is to blame," said Dr. Gunsaulus. "We might put the mayor, the aldermen, the building department, the theater managers and all the stage hands in prison, but without a permanent change in public sentiment we should accomplish nothing. Don't blame the mayor and the aldermen. Blame those that elect them."

"Remove unsafe things. Do not permit them to exist. I mean not alone unsafe theaters, but unsafe churches, unsafe officials, unsafe education, unsafe politics."

**PUERTA PLATA TAKEN BY SIX HUNDRED STRONG**

New York, Jan. 18.—The government troops, which have just captured this city, says a Puerta Plata, San Domingo, dispatch to the Herald, were commanded by General Limardo. There were 600 men engaged on the government side. The commander of the United States cruiser Detroit and the British cruiser Pallas, agreed to the surrender on the condition that the troops put down their arms and disband.

General Deschamps, General Despradol, General Efres and General Meyreles, who took refuge in the United States consulate, will embark on the first steamer leaving this port. A strong guard has been landed by the American and British commanders to preserve order.

New York, Jan. 18.—Private dispatches from St. Petersburg indicate, says a Times dispatch from Paris, that the Japanese note has not helped to fortify optimistic anticipations. As there was room for further negotiations, Russian diplomacy helped Russia gain time. But Japan having given a final answer to the latest Russian note will not, it is expected, wait indefinitely for a decision on Russia's part.

There is said to be a great deal of irritation in St. Petersburg over the failure of Russian diplomacy. It is recognized that the conclusion of the Chinese-American treaty has materially affected Russia's prestige. It is reported that Russia stands in greater fear at the present moment of the United States than of Great Britain. Another source of chagrin is the indifferent attitude of France.

**RAILROADS WILL BRING BUSINESS TO GUATEMALA**

New York, Jan. 18.—Advices from Guatemala, cables the Herald's Panama correspondent, say that the natives are jubilant over the news that American and Canadian capitalists have contracted with the government to complete the Northern railroad into Guatemala City, building 60 miles over heavy mountain grades in three years.

This enterprise will bring the interior of Guatemala within four days' journey from New Orleans and will complete the Inter-Oceanic Railway for a distance of 270 miles. It will also transfer the entire commerce of Guatemala from the Pacific to the Atlantic.

**SITE AND BUILDING OPENED IROQUOIS VICTIMS' MEMORIAL**

Chicago, Jan. 18.—Directors of the city hospital, 83 Plymouth place, have met and decided to offer the site and building for the proposed memorial hospital to the Iroquois theater fire victims. They will make a gift of both. It was set forth in resolutions that in no other place in the down town district is there a sight as eligible. The resolutions will be presented to the committee having in charge the erection of the Memorial hospital.

**WARRANTS USED TO ADMIT POLICE OFFICERS**

New York, Jan. 18.—Henry J. Goldsmith, an ex-assistant district attorney of New York county, brought five men, all clients of his, into the Jefferson court, Manhattan, yesterday, and asked Magistrate Crane that they be arrested. In explanation Mr. Goldsmith said that warrants for the arrest of his clients on a charge of keeping a pool room at West Twenty-seventh street, Manhattan, had been obtained in the court of special sessions in December, 1902, and had never been executed. The warrants, which were now in the hands of Police Inspector Walsh and Captain Burfield, were being used as admission tickets to the house at West Twenty-seventh street whenever the police desired to invade it.  
"I have notified Capt. Burfield that the men for whom the warrants were issued were ready to surrender themselves at any time," said Mr. Goldsmith. "but Captain Burfield refuses to make the arrests. He wants to hold the warrants over the heads of my clients. Last Friday he made an unsolicited call at the house and stayed there all the afternoon. As long as he has those warrants he can invade the premises at any time on the pretext of looking for these men."  
Magistrate Crane said he had no jurisdiction in the matter, and advised Mr. Goldsmith to inform the court of special sessions of the facts.
